HISTORY OF DAF WCAP

WCAP was established to support Public Law 84-11. Since its inception in 1996, the DAF WCAP has produced 13 Olympians for the Summer and Winter Olympics.

AIR FORCE WORLD CLASS ATHLETE

The DAF World Class Athlete Program provides elite caliber Active Duty, Guard, and Reserve Airmen/Guardians the opportunity to train full-time and participate in national and international competitions in order to make the US National team in their respective sport with the ultimate goal to compete and medal at the Summer or Winter Olympics. The DAF WCAP application process is a thorough evaluation of the athletes current and future potential to make the Olympic team in their sport. Additional information on the DAF WCAP entrance standards and application process can be found at: <https://myairforcelife.com/sports-world-class-athletes/>

SELECTION PROCESS

If selected for the DAF World Class Athlete Program (WCAP) the athlete will train full-time for three years at a training location that affords them the greatest potential to make the Olympic team in their sport
